John J. Givens is a trial lawyer with The Cochran Firm and is a native of southeast Alabama.

His practice focuses exclusively on plaintiff civil litigation with a concentration in the areas of commercial motor vehicle and products liability litigation. John was the youngest lawyer in America to receive a jury verdict in excess of one million dollars on behalf of his client (a verdict he obtained at the age of twenty six). In addition to individual incident jury trials, John has served as a member of Bellweather trial teams on behalf of plaintiffs in mass actions, including the C8 litigation against DuPont that resulted in a \$670.7 million dollar settlement for the Plaintiffs after several successful jury verdicts.

John is licensed to practice law in the state of Alabama and Florida and is admitted to practice in all Alabama and Florida state courts as well as many federal courts around the nation.

John is married to fellow trial lawyer Jessica Givens and they are proud parents of their son, Archer.
